Player 4: \_\_\_\_\_

Registration Deadline: September 22, 2025

### PAYMENT OPTIONS:

Checks payable to: MSPE Southeastern Chapter  
PayPal: mspesec@gmail.com

Since 1970, members of the Southeastern Chapter of MSPE have hosted an annual golf outing as a recreational activity for our members and friends. In 1999, a group of Chapter members, led by Douglas J Thompson, PE, F.MSPE, decided to incorporate fundraising for the Chapter's Scholarship Program as part of the outing.

For over 25 years now, the outing has raised approximately \$ 328,000 for Chapter scholarship awards and the Chapter's MATHCOUNTS programs. More than 90 incoming college freshmen from Monroe and Lenawee Counties and Downriver Wayne County have received financial assistance for the pursuit of engineering degrees at ABET-accredited institutions in Michigan and at the University of Toledo. These same students also are eligible for continued funding from the Chapter based on grade point average, achievements, community service, and student membership in NSPE during their college career. Many of our scholarship recipients have gone on to impressive careers in higher education, aerospace, consulting engineering, research and government service.

In addition, the golf outing supports MATHCOUNTS, the premier national middle school math competition. Annually, over 100 local students compete in the Southeastern Chapter MATHCOUNTS competition to advance to the State and National competitions.

Our members are passionate about supporting both of these worthy causes, continuing Doug Thompson's legacy, and enjoying a day on the golf course with MSPE members and our friends. **Thank you for your support!**
